

Remote Work and Home Office Equipment Policy

Section 1.0: Eligibility and Core Working Hours

All full-time employees are eligible for remote or hybrid work upon approval from their direct manager. Employees must be available during core business hours from 10:00 AM to 4:00 PM EST for scheduled team meetings, sprint standups, and customer escalations. Flexibility outside these core hours must be arranged directly with team leadership.

Section 2.0: Home Office Equipment Stipend

New employees receive a one-time home office setup stipend of \$1,000 to purchase ergonomic desks, monitors, and peripherals. Employees are also entitled to an annual equipment maintenance and refresh allowance of \$250, claimable through the corporate expense portal during Q1 of each calendar year.

Section 3.0: Equipment Return Upon Separation

Company-owned hardware including laptops, security keys, and encrypted storage devices must be returned via prepaid corporate shipping box within 14 calendar days of separation. Failure to return hardware within this window may result in payroll deduction or legal recovery procedures.

Section 4.0: Information Security and Public Wi-Fi

Remote employees are strictly prohibited from conducting corporate business over unencrypted public Wi-Fi networks without activating the corporate WireGuard VPN. Multi-factor authentication (MFA) via hardware security key or corporate authenticator app is mandatory on all enrolled devices.
